

CREATION

RE-CREATION

- Zech. 14:6 A change in the nature of nature
- The Bible looks at the Universe from an earth-centric viewpoint
- Earth is located in a relatively dark part of our Milky Way Galaxy
- Without our own personal star (The Sun) we would have a dark earth, and no daytime then nighttime
- Rev. 21 & 22 help explain Zech. 14:6 & 7

- “On that day” returns us to End Times before the building of the Millennial Temple
- The scope shrinks to Jerusalem-centric
- ***Mayim Chaim*** = living water = must be flowing water
- The only water that is suitable for ritual cleansing
- Joel and Ezekiel get more specific about it

- Joel 4:18
- ***Sheetim*** =
Acacia tree
- Ezekiel 47:1 – 11
- The Dead Sea will
again support life!
- Levite Priests
will serve in the
Millennial Temple
- Water will flow
day and night,
winter and summer
- Jerusalem is normally
an arid place

NOW

THEN

There will be ne ~~YHWH Lord~~

Zechariah 14:9

- From Genesis forward, YHWH is God the Father
- Satan had been given mostly free rein, but now God as King has taken that from him
- The original, literal word is YHWH and NOT Lord
- Deut. 6:4 Hear O Israel!
YHWH our God! YHWH is one!

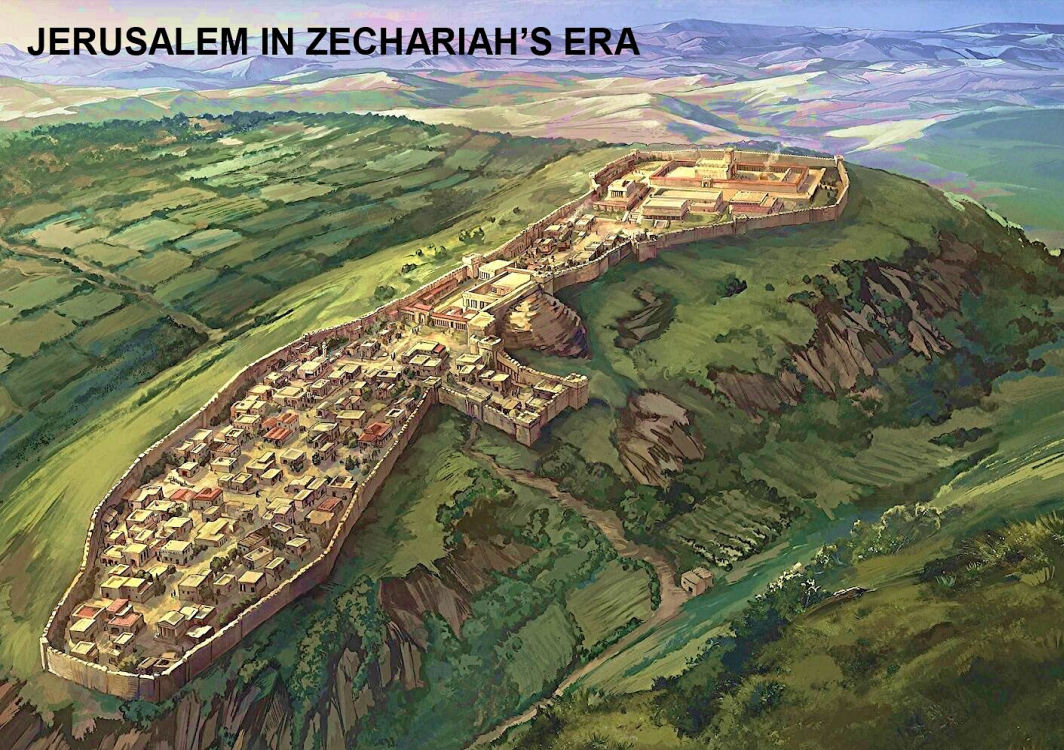

The complex meanings of E C H A D

- How *echad* works in ancient Hebrew might be different than we have typically thought of it
- There is a suggestion that while it can mean unity, it can also mean exclusive or one-of-a-kind depending on its context, such as how we use the word “one”
- It is Christianity that has developed the word to always mean a unity of plurality to best fit with the doctrine of the Trinity

- Zech. 14:10
- Aravah is a long rift valley from the Sea of Galilee all the way to the Red Sea (at Eilat)
- In Zechariah's era the valley was lush to about Jericho
- Today it is arid from north of Jericho and southward
- Jerusalem "raised up" is about its cosmic importance as the supreme place of holiness and ultimate glory of the city

JERUSALEM IN ZECHARIAH'S ERA

- At end of End Times, Jerusalem will be mostly destroyed
- Zech. 14:11 is about Jerusalem being restored and secure
- In Zech's era Jerusalem was intact
- Zech. 14:12
- ***Maggepa*** = Plague, better than "strike"
- Bible describes it as meaning sword, pestilence, famine & disease

JERUSALEM END TIMES

- Israel will be the exception of global unrest... like it was in Egypt for the Hebrews
- The malevolent force is from YHWH, so probably is not nuclear war to cause the human afflictions listed
- Revelation 9:6
- People will remain alive and afflicted, unable to die so as to bring relief from the pain

**"Chaos
Confusion
& Delusion"**

- Rev. 9:20 – 21
- Surviving humanity will be as the walking dead and/or those who still refuse to acknowledge YHWH
- God's wrath begins with the opening of the 6th Seal judgment... before that is tribulation
- Yes, there will be many who claim Christ but be "left behind" from the Rapture

- Zech. 14:13
- Nothing to do with Zechariah's time
- **Mehuma** = chaos and confusion usually as a judgment caused by God
- When the nations think they have won, the Lord intervenes and leads Israel to victory
- Zech. 14:21 and 14:14
- Judah and Jerusalem fight together, unified
